LE MOT

Goar Sekhian Sanfilippo, owner and initiator of Perfume Art Creation in 2018, has the passion for fragrances and art. Her company seamlessly combines both aspects, producing perfumed art combining with the authentic fragrances from Grasse, South of France.

Goar's source of inspiration is the natural resource of Grasse: jasmine, rose, lavender and orange blossom.

Already recognised as an intangible cultural heritage of France, the perfume industry in the Grasse area was officially declared as an Intangible Cultural Heritage of Humanity by UNESCO in 2018.

The artistic origin of fragrances inspired Goar to create the Art Season's in her gallery.

It fragrance infused art works and paintings are the copyright concept of Perfume Art Creation, allowing attendees to not only visually explore the artwork but also smell it, allowing for holistic stimulation of the senses.

The collaboration with the international painters gave birth to a beautiful collection of Perfumed Art presented in this newspaper.

Pjotrs KIRJUSA

My main inspiration is still painting.

Well, not only in the traditional sense of "oil on canvas", a painting can be an object, a dance, a photography, a video, or a social media post.

I think that everything has already been done in painting over the past couple of thousand years, and I'm still trying to find something new.

"MIA AVVENTURA ITALIANA" Pjotrs KIRJUSA

 PJOTRS.KIRJUSA

Pjotrs KIRJUSA vive e lavora a Mosca e Riga.

Dipinge principalmente dipinti astratti ad acquerello, ma si rivolge anche alla pittura figurativa.

I colori nei dipinti di Pjotrs KIRJUSA sembrano sbiaditi, come su affreschi offuscati dal tempo, come i soggetti più ordinari delle sue tele, che ricordano coloristicamente l'arte monumentale delle epoche passate, assumono un aspetto significativo.

Pjotrs KIRJUSA riesce a bilanciarsi in modo sorprendente sull'orlo della pittura figurativa e astratta: oggetti ben precisi nella sua immagine appaiono sottilmente "distaccati" (usando il termine della scuola formale).
